Good Afternoon,

I would just like to know if you still want me to go to Puerto Rico and tag more trees Tomorrow? If yes exactly what number and what type of trees shoul I tag?
So we can get that plan organized.

If we are only going to bring 50 palms it may not be worth the logistical "headache" and extra expense to use the M/V Commander.
Perhaps it would be better to use "Big N" when it's ready.

I have gone around the island and taken pictures of where palms could be planted. I also brainstormed with Peter St.Omar about how and where best to store the trees while they wait to be planted.

I will download these and
Send them forward to you ASAP along with the pictures showing the different plant material at The Gramas Del Sur Farm in Ponce.

Thank You,
