The size they are requesting is 3 feet in diameter and 4 feet long and not available where you would normally purchase fenders for small leisure boats.

Based on the specs Brice and Carlos specified this was the best price I was able to find.

Jeffery,

I have a request from Brice which I priced out for 12 fenders for Lady K for LSJ and AYH 6 fenders for each location and the \$ 10,800 purchase cost is the best price we have located.

It will take 4 to 8 weeks fro them to be produced.

Please provide your approval for payment so that we can get these produced.

Thank you
