Looks like sn 530 at the price of \$21.2. We need to remember that only serial number above 542 can be EASA/EURO certified which is becoming an issue for residual values.

Best regards

Jeffrey,

Darren Rothel told me that Bobby Kotic has a G5 in prebuy now, serial # 530 or 532 is what Darren told me. Darren said he really searched the market looking at all G5's. maybe he would share how much he paid for the G5, I think they where asking around 23M.

Sean, can you find out the price after it closes?

thanks

Larry
