Subject: CZM

Darren...we did get the applications filed Monday, but unfortunately Peterson has sent them back as incomplete in several ways. I have tried to get her on the phone but missed her. One message she left was that our drawings are not acceptable as they must include full size "blueprints" although she had previously just used the term "drawings" with me and in our meetings.. I am not sure she requires this for all but one thing I need to talk to her about is which ones and why. I assume that either Gary or Stephen can do that for us. She also requires that we have tax clearance letters in hand, although the CZM application format seemed to require only a copy off our request. I have sent the requests in but not sure exactly when we will have the letters or whether we will have any bureaucratic push back on that ...we may need Jeannie's help. She also is requiring a flood plain calculation that I had not heard mentioned before. I'm not sure who in your team can do that, but I'm trying to find out. Anyway, with regrets about the irritations of bureaucracy, that is the status at the moment. As you know -- I think -- I am in meetings this week off island so am trying to get this sorted out long distance. I'll be back in the office Monday and we can talk then. Maria
