Good Afternoon Sir,

Steve from ETC has scheduled his flight down to STT and we will begin installing 5/3. I was speaking to Rich Barnett and he mentioned going down there to take an inventory of mechanical, HVAC and infrastructure items on LSJ. I was hoping to schedule some overlap in his trip so that I can give him a tour of IT systems and changes we have made since his last visit and get guidance\input on future projects.

Please let me know if this is ok.
