ENQUIRER EXCLUSIVE

CLINTON DIVORCE CRISIS

Photo by: SPLASH NEWS ONLINE

Hillary Clinton - fed up with her husband Bill's cheating - secretly met with a top lawyer and drew up divorce papers. She also compiled a list of his lovers to use as ammunition in the split!

"That bombshell disclosure has been dished by divorce lawyers

in the know," a source told The ENQUIRER. When Hillary later decided to run for a Senate seat in New York she abandoned her plans to dump Bill.

"But the list of lovers she drew up in haste and gave to a lawyer is still apparently sitting in that attorney's safe in Manhattan."

The list includes the names of "at least two drop-dead gorgeous Hollywood actresses

Hillary - who stood by Bill during the **Monica Lewinsky** scandal - drew up the list after the Clintons left the White House, and Bill was linked to several attractive women.

There were rumors about Bill's involvement with curvy 38-year-old **Lisa Belzberg**, who'd split from her husband **Matthew Bronfman**, heir to the Seagram liquor fortune.

He was also linked with actresses **Julie Bowen** and Saffron Burrows, British socialite **Ghislaine Maxwell** and New York socialite **Sale Johnson**.

Sources said Hillary also warned Bill about his friendship

The ENQUIRER exclusively revealed Bill's extramarital affair with blonde divorcee **Julie Tauber McMahon**, whose millionaire father was a top Democratic Party fundraiser and a family friend of the Clintons. Julie denied the affair yet lived only a few miles away from the Clinton home in Chappaqua, N.Y.

Famed New York divorce

<http://www.nationalenquirer.com/sen_hillary_clinton_expresident_bill_clinton_divorce_list_of_women_raoul_felder_lawyer_monica_lewinsky_senate/celebrity/66497> lawyer **Raoul Felder** - who's not involved in the Clinton case - told The ENQUIRER: "If Hillary had divorce papers written up but not filed, the lawyer must keep them secure for at least seven years. That is the law."

"But they will always *remain* secret. Even if Hillary died, the lawyer can never divulge their contents because it falls under privileged information. That would be wholly illegal."
