hi jeffrey,

i did some work in computer for that room where the piano is, so you can get the idea of how the room could look and i attached the pictures here.

maybe you saw the pictures.. i e-mailed them already to shelley today, so maybe she sent them to you..

anyway i think if we do the furniture that light color you already saw last time then we might need to change the ceiling color because the color is very close to the color of the ceiling and it might be too much white in the room.

in the last two pictures i changed the color of the wood border around the room..somehow blue like the walls, not having the same color as the furniture(library).

.....
besides this i have an embarrassing question: i don't know why, i sent to rich kahn my invoice two weeks ago and i didnt get paid yet, and i sent him a month and a half before the previous invoice and i got paid after one month only 50% of that invoice.

i e-mailed rich kahn about that, he said that he's going to check, but then i didnt get any answer.

i was just wondering if you know about that.

thank you

ion
