Re: Epstein / [REDACTED] / neighbor canvass near current
residence)
File: 8577R

On Saturday, July 25, 2009 and Monday, August 3, 2009, Investigator Paul Lavery conducted a canvass of available neighbors residing near the current residence of [REDACTED], [REDACTED], which is a trailer situated inside the [REDACTED] mobile home park.

For purposes of this investigation it must be noted that this mobile home park ([REDACTED]) could reasonably be described as a "low rent" area and Investigator Lavery's inquiry did not develop any significant, relevant or new information concerning [REDACTED].

Some of the residents contacted were either new to the park or simply did not know [REDACTED] or the [REDACTED] family. A few residents recognized the photograph of [REDACTED] and said they have seen her recently walking the park pushing a baby carriage or stroller. None of the residents interviewed had any knowledge of [REDACTED] beyond that recognition as resident if they had seen her before and no resident interviewed had any knowledge of her personal lifestyle, her friends or history of arrests. None of the residents contacted could offer any personal opinion of [REDACTED] again because she was not known to those contacted. Investigator Lavery is contacting the management office at [REDACTED] for any information they can provide concerning [REDACTED] and the results of that inquiry will be submitted accordingly. That office was closed on 7-25-09 and 8-3-09.
