I asked that very question and Brice said it would make better sense to send the barge once the new engines are installed

Jeffrey,

Brice informed the that Big N will not be available to make the tree run to Puerto Rico for about 5 to 6 weeks.

Lady K is currently hauled out to get the new engines installed and the barge is being used for the daily staff runs along with other runs. And once Lady K is back in operation in 2 to 3 weeks the barge will be taken out to install the new engines on it.

Thank you
