Jeffrey,

I spoke to Brice and he told me they will send Igala to PR to tag the trees next week and they will just have to run Lady G double trips for the staff runs while the barge goes to PR

Brice also just informed me the Lull Machine that we would be using to take the trees off the flat racks and put them on the barge blew an oil pump and they are trying to find a replacement so we may be able to make the trip to PR in 2 weeks time. Also just so you know they might only able to get 15 trees on the barge because they will have to bring the Lull machine back to LSJ with the trees.

Jeffrey,

Brice informed the that Big N will not be available to make the tree run to Puerto Rico for about 5 to 6 weeks.

Lady K is currently hauled out to get the new engines installed and the barge is being used for the daily staff runs along with other runs. And once Lady K is back in operation in 2 to 3 weeks the barge will be taken out to install the new engines on it.

Thank you
