[REDACTED] just got me dinner, so nice, thai food which was really hot to make my congestion clear, its hard for me to have anyone around me though because all I can think of is that I might make them ill. [REDACTED] said 2 days ago, which is when mine started, she also had a sore throat, but it went away, I wonder if we picked it up on the flight/at the airport. She also says a lot of people at her work are sick.

I have been in touch with the girls today and we can do the coats tomorrow if you would like. It is your choice if you prefer me to take them or them not to be around me! I am going to try stay inside and out of the cold as much as possible. Today I felt like my head was going to explode.

Missing you and hoping you are having a wonderful time...

By the way you are not the only one who cant fit into your pants...when you get back I think we need to start a strict exercise plan! I look like a telly tubby!

I miss my furry tummy!!!!!!!!!!
