Maria

coverage .69
% 98.1

I approved deJonge drawings and forwarded to you ,if you got Jeffrey's sig.
we should be good to go.Please advise when you submit.

thanks

Gary

I have revised the revised amendment request to include the permit number we now have, omit the tennis court, etc. please take a look and see what you think. Gary: I need someone to recalculate the acreage for coverage purposes. (I could manage the change in square feet but not acres)...I am expecting the original signature page signed by Jeffrey tomorrow, so hope to have that back to CZM and formalized. In the meantime, it seems to me there is no reason to wait to get this ready. We will still need a further page from deJongh but that can be added before we file. Maria

Did we get the signed permits?

We are certainly going to need a full size drawing of this, but I am not sure the drawing shows all that CZM will require. In particular, I cannot see the location of the proposed spa in relation to all other existing structures, and especially the new structures on Parcel A that are authorized by the new permit. Can you review with Bob the probability that we will have to show that in a drawing with the request for an amendment? And of course, if I am missing something on this drawing, please let me know.
thanks...Maria

Hi Mr. Kerney,

This is the new location of the Spa.

Yours truly,

Orlando Creque
