Jeffrey,

Cecile told me about your offer of the helicopter for Nicolle. Thank you. I was able to get MASA to take her to NJ to Robert Wood. That was an intense experience. But we made it. Surgery went well they said it was worse than they saw on the CAT once they got in there, so lucky we were here. She had one of the best pediatric orthopedic surgeons in NJ. Thanks again it helped knowing I had options when I was dealing with getting her out of STT.

Jeanne
