Bell 429 twin engine demo flight:

Very fast, 150 kts,

Noise similar to Bell 407, need headsets, no cocoon,

smoother than 407, very good ride

larger than 407 in passenger compartment,

large baggage area, larger than sikrosky,

sliding passenger door, don't like it.

3 axis auto pilot, they are working approval for four axis autopilot.

comfortable seats in passenger area,. medium leg room
