Good Day,

As requested I am re-sending some of the photos, of the Ornamental plants for sale at the Gramas Del Sur farm in Ponce.

In response to the question of "what else they have besides coconut palms?"

This Ornamental Farm is in a totally different farm, about 15-30min drive from where the Coconuts are planted, it is close to where they plant the sod grass.

As you can see they Have A LOT to offer, when i return I will spend more time and get a better idea of exactly what trees they have besides palms, prices etc.
