Re (shitty) 3i deal - they are open for any ideas how to merge the two companies and bring in the required capital.

The point was to avoid rights issue, but any suggestions you have to get this done incl discount, would be greatly appreciated.

My friend Robert who is dealing with this (as corporate finance advisor) would take any instructions you have, to make this work.

My interest is that I would love to take this to the Chinese to invest (only if you approve that its good).

- Can I call you with Robert for 3 minutes?

or

- If you want to drop it completely I will tell them that I am out
