Epstein's lawyer has not yet come back to us, but I expect to hear from him this week. I believe Epstein was going to deal directly with the business on a settlement number.

We are waiting on Epstein's lawyer to revert back to us with information regarding his BSC stock holdings/buys/sells in his Individual Stock Drop Action so we can assess how to include this in the Settlement.

Melissa - has his attorney come back to us with this information?

Thanks, J
