Working on it now with Emad and as you can see below we have requested that Gary produce budgets for insurance company.

I have attached report from insurance company and our estimate of labor clean up (\$85,000).

I think total dollars net of deductibles will be \$150,000 - \$200,000 with an outside chance for more depending on how the dock damages play out. I will keep you updated as I learn more.

Gary,

I just spoke to the insurance agent and was advised that we need to compile the cost for either fixing or replacing the damaged structures.

EFTA00755572

I will need you to put together a budget for each structure ASAP.

I have compiled the labor costs for the clean up and the cost for replacing the beach lighting and transformers (see attached spreadsheet)

Thank you

Emad Hanna
