Is this the sofa and armchair you would like to go with for the outside terraces? This is the one you showed interest in at the Restoration Hardware store. I'd like to order them today as they are having a preseason sale which ends today. Brice suggests getting the 7' sofa for the size of the areas. Are you OK with this? I would order it in the Natural Army Duck fabric which is shown in the attached photos. Also, they have the option of one large ottoman, or you could get 2 smaller ones, but I think the larger one is a nicer option?
