---

We are putting a list of what CAD documents we need as well as a list of what info we need.

This way Doug can get this done once

We received some massing in PDF format...great if we could get the working files.....if not then we will create our own,however to do that we will need the info ,(to be included in the list.)

Jorge received the red lines from Sarah...he will talk with her and confirm some issues today....we need CAD and ceiling height info to complete the new design in CAD...this has been requested

Hope all is well
