Sorry for the delay here is a complete market summary for the Gulfstream Fleet to include recent sales, I am still researching the market to try and figure which is the best buying opportunity. Gulfstream is telling me they are taking another high serial number aircraft in trade in the coming months.

I do think Gulfstream V serial number 502 is likely going to trade in the \$18's and likely in the lower 18's. It is in Savannah now going through a prebuy inspection paid for the owner. The owner wants to be able to sell it quickly now as they have a 1031 tax exchange coming due very soon. It likely needs paint and a interior but it is on Rolls Royce Corporate Care and has a Avionics program.

I have a meeting tonight with a client who is town but I will be back in the office tomorrow and the rest of the week. I will send you an update tomorrow as well.
