Subject: Grammy Research Project re: Musical Innateness/Pain Therapy in Critically-Ill Infants

Date: Wed, 05 May 2010 23:35:24 +0000

Attachments: InstMusicBrainSciAppALLOpt.pdf

Dear Students,

Please find attached the Grammy Foundation Research Project we discussed in class last week.

As we discussed, the experimental design and methods draw from multiple science and music disciplines - music theory, music composition (using Sibelius or other software), digital sound synthesis and recording (using LogicPro), autonomic neurophysiology, developmental psychology, perinatology -

If any of you are interested in joining Theodosia, Eric, Ellora, and me this summer as we get this project underway in the Neonatal Intensive Care Units in LA and Boston, please email me at [redacted]
