Can you introduce me to a rich man married is better, please?! I don't wanna be in relationship or anything. I have nothing left. Was so stupid that I haven't saved anything. It might sound horrible, but I can be like call girl. I can't be attached to a man... I just hate men so much, can't be with any of them, doesn't matter how they look or how much money they have. They just destroyed me completely. I have no heart for anyone. I just want money.. Also, I was thinking to go to London , I want Boris to find me rich man so I could get married then divorced and get all my money... I'm just so sick of uncertainty...

Like in hell... I'm drifting away..
