If you wished to have guard dogs on LSJ, I would be prepared to handle them, plus 1 other nominated person as a backup, but would not recommend sending guard dogs to LSJ right now due to the amount of construction/personnel around. I would wait until you are situated on a more regular basis, so the dogs become familiar with you and guests. Right now the only dog I would recommend would be a woofers, basic trained dog that barks if someone unfamiliar comes close to the house or dock. Please note Terry did have concerns in regard to Dobermans for the island due to their dark color, short coats V's climate. He felt Shepard's or some other breed would be more suitable.

and if they go straight to the island?

you indicated that the dog's were for PBI, therefore I would recommend Igor/Janusz  
Handler will be responsible for general health, feeding and exercise.  
waiting to hear back from Terry on pricing etc

yes global K9 could provide Dobermans, it may take some time to find the right match.  
Terry would like who ever the dog handler is going to be to visit their facility to go over handling etc of dogs  
he could possibly loan a dog until the right ones come along  
there would be simple kennel requirements involved  
Terry is available later this week or next, how do you wish to proceed.
