Mr. Epstein,

As you noted in your March 4 email you will be in Little St. James on March 22, 2010. Please confirm via email that you will be on site the full day on March 22 to meet with Mr. Fancelli, the Fancelli crew and Mr. Molyneux.

In preparation for this site visit is it possible for you to send a partial sample of what you have prepared to match so that the proper materials, wax, varnish, etc. can be collected to bring on the trip?

Best,

Kristen Goff
