Dear Dr. Victor,

We are confirming the shipment of Lipokit & Maxstem w/ syringes to you from Korea today. After inland trucking to Incheon Airport, the air-freight will be actually shipped tomorrow. In accordance, I'm preparing to visit your clinic next Tuesday or Wednesday on or after shipment arrival to you so that I can instruct how to use and if available, assist you for your 1st surgery using Lipokit and Maxstem. At your side, please prepare the enzyme for dissociation of fat tissues for ASC isolation. We are currently using Worthington-brand collagenase Type I or type II -filtered, but KFDA approved to use the collagenase after optimal washing process, but as you know, US FDA is still regulative for the collagenase, non-sterile or non GMP grade ones.

At this time, you will be OK to prepare for the Worthington-brand collagenase ( as in our protocol) next week, but in future, you can use GMP grade Collagenase.

I will let you know the specific shipping details soon.

I'm in Arizona, but if required, call me at my cell [REDACTED] or by email.

See you in next week.

Thanks,  
Peter Jung

Dear Steven Victor, MD

Thanks for your acceptance on the terms and conditions of our PO.

Yes, I will arrange for the shipment of Lipokit and Maxstem with FPU syringes for fat grafting and ASC isolation today.  
And I can also schedule my flight to NYC and will stay one or two days for my assistance for your 1st case of fat grafting and stem cell therapy.

Thanks

Peter  
I accept the terms of the attached PO. Please make arrangements for shipping and your training trip to NYC.  
Please give me dates so we can confirm a case of liposuction for the training.  
Thank you!

Sincerely,
