Emad has informed me below that Darren and rich require that any over budget by line item payments be approved by you. The item in question is to complete the distribution of the sewer affluent and is over budget by about \$3,000 due to my bad estimate. I need your approval. This process is going to become a big issue in the future as every line item is a estimate and as we discussed in the begining every line is going to be over or under if I give you honest estimates. To relive the burden of our going thru this exercise I suggest you give me a 10% or \$10,000 athority

Gary,

Just to follow up the message I just left you on your voice mail.

I have been informed that any line item that is over budget must be approved by JE so you will need to get approval

Thank
