Jeffrey:

Attached is a quick site plan for placing a 26'x60' swimming pool where the terraced garden is. The existing corral stone patio remains in this plan and I have shown the lower beach patio that you laid out on your last visit. The hat palms are also shown coming from the Tiki Hut along a new pathway.

The plan also shows a new stair going up to the upper road along the original axis.

We could then establish the organic vegetable garden at Pop's Garden.

I have also shown a nature trail network connecting everything together which could meander through tropical gardens.

Let me know if you have any comments,

STEPHEN M. CAPLINGER
