Jeff: Happy birthday! Trust all is well. Just got back from La Jolla last night. Work/biz going ok. FYI: Philly moved to NY and is determined to start a billboard company in NYC. Its tough, but he feels he can hack it and if he hits on a few locations... In any event, its a good exercise for him. I'll call you later in the day. Happy birthday and hope you're mind and body are good. Best, Terry
