Happiest of New Years and New Decades, Jeffrey...I hope this yr, by contrast with the last, is the best all-time - personally, spiritually, financially - in other words, brings the greatest amount of endogenous dopamine and opioids to ever bind receptors in your mesolimbic system, by whatever means!!!...as you know, I look upon your ability to maintain your trademark joie de vivre throughout such a trying time as a lesson in life for me...be well, keep in touch, and come visit me in Malibu now that you're a free bird!!! - Peace & Love,
Mark [REDACTED]
