Buona sera mio carro Enrico

our new friend is smarter than i expected - she has a green card!!! (married to a young american guy for one year, now separated and living by herself in a small apt west side - 155 st... 1250 USD per month, she said her Dad is paying her bills... he is in Thailand, small businessman...)

she has bachelor of finance and credit degree of St. Pet University... never worked...

i ordered Thai food for her, she didnt have money with her...

seems a nice girl... falls for stupid as...ls (stupid flirt with 23yo French guy who told her her Prada bag was fake just because they were having an argument to upset her...)

she wants to make money from modeling and do acting (so new))))

so excited about wendesday)

big big kiss to my Monsieur

sempre tua piccola Megane
