Jim:

Thanks a bunch of taking time yesterday to meet with us. At the meeting, we requested some additional information. I figured that I would put it in an email just so you would remember. Specifically, we would like to see all email correspondence between Zwirn and Glenn during the Fall of 2006 and early 2007 about the Fund. As well, you were going to reconsider letting us have copies of the emails that you did show us about Jeffrey. It would be great if you would let us have copies.

Two other, minor issues. First, Jeffrey asked at the meeting if you knew what firm was conducting the investigation into the misdeeds during 2006 and 2007. I know Gibson Dunn was involved, but you mentioned an audit firm. I believe Deloitte is mentioned in the March 2007 Investor Letter. Is that who you were referring to? Second, Darren wrote down that there was a 2004 Employment Agreement with Zwirn, but we didn't see one in the documents. There was a 2003 Agreement. Is that what you were referring to?
