I would have seen Tina but I have no money to pay her. It works very well for my diet but not so well for my emotional health.

I have tried but not succeeded in trying to teach you, guide you, empower you. I have asked that you read some of the great books so that your conversation would be based on more than yahoo news and tv talk shows. I have not succeeded.. I had asked that you keep in shape and learn to cook, i have not succeeded. to learn to taste not only food but distingusih quality from the commonplance. THE things that you write that have broken our relationship are not the things that you have done are right but the things that have been wrong. I tried to teach you a different way of life, beautiful things, elegant and unusual ideas. and introduced you to a life that few get to see. Your needs as you describe them center on what I should not do. It is pretty simple, without a realtionship with you. I would have been able to do more,, and without our relationship you would have been able to do much less. You need to seek advice elsewhere. Get professional guidance. I love you and hope that someone holds your behavior up to you so you can see for yourself.
