What did she mean by you should have listened to me when you had the chance? I don't understand that comment at all.

Yes, I don't have the option not to refer to the doctors you pay and if it meant I had to give up my privacy to get a mole removed, it was worth it. But it is not with a shrink. I can't work here and pay for my own as you know.

ghislaine was here, her message was , why didn;t i listen to you when i had the chance.. most of your comments are negative and you continue to refuse to deal with the reality of life. i don't want or need to bicker.. read your own emails look in your own mirror. your concerns with others. it serves no purpose other than to create tension. I came to New york anxious to see you. once again you started a fight.. bad mood sulking, leaving without saying goodbye, this was all because you overheard me say baby in a happy voice. then [REDACTED]. then the emails, then more suspicion please check the time on the emails. this in the middle of my already stressed day. Ask yourself , what nice things have you done. did you make my stay more pleasant or less. you now tell me you don't feel comfortable if i pay your bills directly because of some other suspicion. i have nevr asked anyone except doctor victor re anything to do with you.. but you find no issue with referring to all the doctors i pay.

Maybe not but all the doctors you pay directly keep you well informed about my 'treatments' anyway and with this one I don't feel comfortable in that situation.

She believes I pay for myself with money you have given me.
