No problem. I paid for medical expenses associated with conception, flight school, fekkai and plane tickets for myself and your friends and employees and their gifts, all of which used to be paid by you directly before...so the idea I spent more this year is not exactly accurate.
Plus I just started seeing [REDACTED] when you went to jail.

do not respond.. i would like you to tell [REDACTED] your rationale for feeling free to read the emails. i would like you to tell her that you have spent over 150 k since i was in jail, therefore little to do with or for me directly.. that is in addition. tell her you have not gone to castings. tell her that after I said i made a mistake by giving [REDACTED] socks that i did not were yours instead of asking me to get it back from her , you went and demanded them back.

She just sent this to me:

'Hey doll,

I have a question for you? Do you no of anyone looking for a roommate? I need to move out asap :('

She did not respond last week when I asked her to come see you. Should I respond ?

PS: Are you coming to NYC this week? I am planning to leave on sunday.
