How's my buddy doin'? I hope everything's as well as possible and total freedom is coming soon! (When and where's the party? Let's have it in Malibu!)..Have you bought (and sold) all the gold (and silver?) on the planet?

Here's to a Happy, Healthy, & Untethered 2010 from our many students (and me) - please see attached - without you, they wouldn't have been able to cultivate their combined intellectual and artistic interests at The Institute this past summer.

Let's telekibbutz (or Skypekib) soon!

Cheers,
Mark
