---

This is all that we have on this boat at this time, we don't have any pictures.

I was just told by Arran that looked at the boat earlier today and he has some concerns about the engines having 25,000 hours on them which would need to be replaced which could cost anywhere from \$ 100K to \$ 150k. He wants' to go back with one of the boat captains to thoroughly inspect it and take some pictures.
