I went to see a house on the ocean today. It isnt listed and is owned by a guy who dropped a lot to Madoff. Its 12 years old, spanish, one-story on 200 feet of good beach and in very good condition. I'd say 15000 sq ft. Its near the Asper house you saw.
I have some pics and info.

I also have more info on Swanson and 1220.

Are you around tomorrow? I will come by a discuss.
