Jeffrey,

I am sure Sarah will inform you, but upon arriving to the apartment (Friday evening), I got locked in the bathroom (the doorknob didn't catch from the inside). After being in there for 48 hours, surviving on sink water, and struggle to keep from eating my own arm, I finally broke through the door yesterday morning... I had to make that interview!

For your viewing pleasure, I attached a picture of the damage. And I have already informed the super... He has ordered a new door.

Seriously though, I was only locked in there for 45 minutes. And honestly, I think the experience made me a bit more of a man. Sorry the door got damaged in the process.

Thanks for making my visit to NYC a lot easier than it otherwise would have been. I enjoyed having my own space, and also liked getting to know the UES.

All the best for the holiday season, and upcoming year.

Sincerely,

Philip Kafka
