What is it with these people? I am trying to understand why they all lost their way. Some where, between leaving home and going off to college and entering the work force, "ethics "were abandoned for gold. The biggest screwing I ever got was from a religious Jew Joseph Gutnick of Australia, a true billionaire,. He really hurt me. My life would have been a lot easier had he lived up to his obligation to me. I was going to take him to the Beth Din, the Jewish Court. On another more important issue to me, [REDACTED], have you any contacts on the street that might make sense for him to interview with? Everyone I know is dead.
