I asked him to stop by my place tonight so we can talk. Logan said he loves to spend time with me but the grey area we are in is hard on both of us. I would think by the way he has been acting that means he wants to end it rather than commit to a relationship. Boys are so strange

Oh and I forgot to tell you. I went to a movie with Logan last night and he put me in a taxi right after (10:30pm). So he is acting very strange, [REDACTED] certain he has met someone else because this is not the way he normally acts. Plus, he has not taken me around his friends in awhile...

Thanks,
