Subject: LSJ floor sample

Date: Tue, 01 Sep 2009 16:16:36 +0000

Dear Jerry, Thank you for delivering a new floor sample to 358 El Brillo Way yesterday. I understand that this product can be shipped pre-finished and then installed. Jerry Schumacher [REDACTED]. Upon review by the owner the color may need additional adjustment or modification. I also expect that a piece of the sample will need to be cut off and sent to the decorator. Please prepare a proposal based upon the plan that was sent to you for the supply and install of this oak floor on Little Saint James island, U.S. Virgin Islands. Thank You, Doug
