Can you explain what you mean Jeffreee

I am getting paid my lovely salary, my boss is not getting paid.

So, I am over waiting to see what happens before I do anything. I was doing it because I felt I would be in a better position financially, but I think the reality is that i am making excuses. It is very interesting how secure you begin to feel in a certain position (work) and even though you know the situation is far from ideal, you are not growing enough, financially it is wasting your time etc, it feels safe and holds you there a little. well that is my observation of me...I am sure you cant relate to it :-))

I am really focusing on getting my portfolio for college done, it is alot of work and I want it out of the way. Yay 3 and a half more weeks! I am also starting to have a look at what is happening in the industry here, getting in touch with a few people etc. Just slowly for now, as i say my main focus is the portfolio for the next couple weeks.

I have flu at the moment so have taken the past 2 days off!! Its been so lovely to be at home doing my own things:-))) and have my little [REDACTED] with me.

I thought of you alot today...it always makes me smile :-)))))) so much!!!! I really do miss you!!!!
XXXXXXXXXXXX...

I am working hard to finish my portfolio for college for October. Might pick up another short course in middle of this month - Autocad 3.

Regarding my job - I am waiting to see what will happen before I do anything (ie resign). I have a feeling we may stop working at the end of the month and I will be in a better position if i have to leave because we are closing than if I resign. We still havent been paid by the developer of our hotels for about 8 months work and I dont actually think they have the funds to do so. So i am still working full time for now.

Thats why I said I could maybe come beginning November...
