Dear , Dear Jeffrey!

Privet! =)

How are you?

I was very happy to know that may be you could be in NY very soon!

I'm good. We have the last summer days on Manhattan so yesterday I went to beach and shot for you a little movie (watch it in attachment).

Hope, you would like it.

I booked a ticket to [REDACTED] on next Monday. I could not believe that in a week I will see all my family&friends. It will never come true without youuuuuuuuuuu. I'm so exciting and tottaly happy!

As you are mine person 911) I have the last thing to do for my visa and I would like to ask you to help me with it.

I got a work in PR-agency here, they provide a visa and salary for me. Everything is perfect. But my lawyer said that it will be very helpfull to show in the Embassy a bank account on my name with \$ 6000-7000

on it to prove my money stability. But as you understand I do not have it. I just need to come to [REDACTED] to print this statement and go to Embassy, they give me visa, then they do not care.

If you can do it for me that means I do not have any money, paper, work problems here anymore. That is very important to me. I worked for it the last half a year, I just want to make everything I could to be sure that I did my best to get it.

If you do not mind to give me that for a month, I will give it back to you, when I will be back from [REDACTED] in the middle of October & if everything will work that will mean that after seeing my family&friends, I will see you! Now I have nothing else to dream for!!!!

For better or worse =),

Love you,

Kisses,

Me&Myself
