I have Larry Morrioso and Dave Rodgers attending FE (Flight Engineer recurrent class this Friday, only One day, I may get some sim time for ?

Demo flight in west palm area of corvallis only, they are not interested in lease, only sale.

I competed the Cessna 182 check ride,,,was a great time. nice aircraft, (125kts only). alot of horsepower.

see attachment of Corvallis details:

thanks,

Larry V

Hi Larry,

Attached is the info you requested on the new Cessna 350 and 400. As mentioned I still have available some new 2008 400's priced at \$600,000. I also have a 2009 350 priced at \$550,000 less demo credit. Bottom line on the 350 is around \$535,000. I would be happy to take you for a demo flight. Just let me know.

Best regards,
