Hi Jeffrey! Great to hear from you. I hope all is well- you must be happy to have [REDACTED] and Story back.

[REDACTED] and I moved to DC 2 months ago and are finally settled in. We've started making wedding plans for a micro ceremony in January 2011 in [REDACTED] followed by a low key reception in [REDACTED] that summer. The wedding industry in this country is out of control- Who knew flowers could run a person \$8k!?

[REDACTED] teaching business communications at [REDACTED] consulting for his Dad's copy machine business and continuing his "internship" with the Clinton Foundation. (Brilliant idea, by the way!!!) He's earmarked several companies that he's been working with and will be approaching them about job opps in the coming weeks with the goal of having a contract signed by Jan. IBM and [REDACTED] seem to be the front runners so far.

My job is going well although I am getting a bit restless. Off to Rio next week to meet with the city about developing a new waste management program in light of their recent Olympic bid.

I wish I had more to share...I'll keep you posted as new developments arise.

[REDACTED]
