Well the sad truth is its seattle. What does one do in seattle? I'm not sure someone could pay me enough to live there.

So about me..Here's a few snippets as introduction.

There's a lot of money to be made off of the current trends in health care – basically the most effective mechanism for cutting costs is catching things early (early detection, screening and diagnosis.) Have built a business to address this unmet need.

Is today still the weekend? I can call you later if that works.

Best,

Alice

Hi Jeffrey,

I spoke with Henry Rosovsky last week who is a great friend and mentor of mine and he recommended that I contact you. We have some friends in common. My business partner and best friend Boris Nikolic has become Bill Gates' right arm on strategy and being stuck in Seattle with very little else to do he has become close friends with [REDACTED]. Anyway we were speaking and realized that you might be interested in getting involved in what I'm working on. Can you let me know a good time for us to connect by phone? Alternatively I try to escape to Florida as often as I can; being a Los Angeleno stranded in Boston for 11 winters. Let me know what works.

Best,

Alice
