Hi Jeffrey,

Eva gave me your email address and an update. It was great visiting with her, and with Glenn, after so many years.

I will write you a longer email later, with an update on all of us. If you get a chance, do a Google search on "Adam Elkus" -- he has published dozens of articles, many on counter-terrorism and strategic studies. He graduates in June from Occidental College and hopes to enter a PhD or Masters program in this area.

I've attached a photo of Adam (22) and my daughter Sophie (17) taken a year ago.

Here is my contact info:

Best wishes,

Bill
