Hi Jeffrey!!! How are you? I'm good, met with [REDACTED] who used to work in Macy's last night, she's doing good, still studies in Baruch, no Macy's anymore) I wanted to take her picture for you but she said that for you she wants to look great and according to her yesterday wasn't the case, even though i think she looked very well. The same happenned with [REDACTED] a week ago when I met her for lunch. I tried to photograph her but she said she has to loose pounds and get tanned before you see her pictures) Again, I thought [REDACTED] looked great. Only Henry is always ready to pose for you:) I think he is happy, he told me he's so thankful for [REDACTED] and [REDACTED] and that he found a harmony that he didn't expect with them...

I also spoke with [REDACTED] from New Jersey on the phone, her sister was visiting her from Canada and they both said hi and that they miss you a lot. They sent me their new pictures, forwarding them to you.

I haven't seen [REDACTED] in a while but plan to do it tomorrow. My cousin was visiting me from Germany so I was busy with her.

Otherwise I'm doing good, may be something will work out for me with Russian TV, I would really like to make a program from here about NY life from inside. Mark Baker with whom I'm still very good friends wants to produce it and he has access to everything so I really hope it will work out because it's time for me to do something. Also I wanted to talk to Joe today, he mentioned that he's friends with Charlie Rose and I like him and his work very much, may be I can do something in this direction as well.

Anyway, I'm sending you a few pictures,

Lots of love,

Miss you!!!!!!!
