Jeffrey:

Attached is Option 3 for the Office Pavilion Entry for your review & comment. The stair is back to the original location with a larger landing. Also, the paving in front of the office entry has been revised based on your comments. Let me know if you have any comments.

I'm headed back to LSJ tomorrow and will review it in the field to make sure everything fits. I also plan to concentrate on the Kite House, Pool Deck & Rear Patio Area.

I met today with MSI, our landscape architectural consultant and they are beginning to work on the overall master plan.

Keep in touch,
